

# ASIAN CONSTRUCTION COMPANY

**WE MAKE DREAM A REALITY**

**Asian Construction Company is proud to be one of India's leading engineering and contracting companies, with a centralized office in Delhi NCR as well as in other major part of country. We are having legacy of extraordinary growth over the previous two decades while contributing considerably to the country's development. Through competence, competitiveness, and timely delivery with the highest quality standards and recognized safety performance, the Company has established itself as a prominent player in the field of construction and engineering, and is well positioned to compete successfully with international players.**

**Asian Construction Company was Established in 1989 as a Partnership firm engaged in Civil construction business and have implemented various projects for government entities such as CPWD, MES, NBCC, PWD (M.P), PWD (Rajasthan), Rajasthan Housing Board and Uttar Pradesh Rajkiya Nirman Nigam Ltd. etc..**

## Our Mission

As an infrastructure developer, Asian Construction Company adopts a disciplined and consistent approach each and every time we take on project regardless of size or scale. Our strategy ensures that all projects are fairly priced and that adequate resources are deployed to ensure high-quality delivery on time. Our stringent internal processes and project management expertise have benefited our clients in the past and will do so again in the future.

The opinions of our clients are important to us. We're doing it for the long haul, and you can trust that Asian Construction Company has the abilities, experience, financial strength, and financial capacity to price, construct, and deliver projects ranging from simple renovations to multi-crore rupee projects on time.

## Our Vision

To become the leading construction firm, while delivering projects that consistently exceed international standards and provide exceptional customer satisfaction.

To continually deliver excellent value & innovative construction solutions to meet our clients' requirements.

Using modern principles and sophisticated technologies, Asian Construction Company envisions being the primary preference at all times both nationally and globally, for their renowned excellence, quality, performance and reliability in all types of constructions.

## Our Strengths

Asian Construction Company focuses on 'future growth by strengthening relationships with existing clients, architects, developers, government, and private organizations, as well as proactively seeking new opportunities around the nation.

Each stage – estimating, tendering, and construction – is recognized by management as not only a significant component of the risk management approach, but also a critical step in building trust with new and existing clients. As a result, we continue to invest in professional training for our employees, strengthen our estimating and project management departments, and maintain strong communication channels throughout the company. Asian Construction Company is committed to the future.

# AWARDS AND ACHIEVEMENT

We have decades of experience; we deliver our project on and before the projected completion date for which we get awards as incentives from the department. In the last few years, we had two projects which were delivered before time namely:

1. Construction of 501 Type-II Family Quarters at G.C. CRPF Neemuch. SH: - Package III: Construction of 181 No. of Type II Quarters with internal electrical installation.
2. Construction of 501 Type-II Family Quarters at G.C. CRPF Neemuch. SH: - Package II: Construction of 160 No. of Type II Quarters with internal electrical installation.

In the past three years, we have won two Best Building Projects from the Central Public Work Department for the work:

1. Construction of CDSCO and subzonal office and CDTL at Indore Madhya Pradesh
2. Construction of Academy for police training (CAPT) at Kanhasaiya Village, Bhopal (Madhya Pradesh)
