

..... Business Sector

We have a proven track record of completing projects for central and state government organizations. We've worked on a variety of initiatives together, including commercial, educational, HMO, institutional, medical, defense, and community projects. We understand the difficulties that government agencies face in terms of money, internal processes, sustainability goals, and delivering meaningful social benefit, and we work with them to discover solutions that are tailored to their specific requirements.

..... Our Reach

Over the years, we have outgrown our state boundaries and extended our activities to the major States & the Union Territory of INDIA. Our national presence is increasing, with worksites in different parts of Country. We started our work from Rajasthan, with an approach to reach pan India we extended our foot in Delhi NCR, Maharashtra, Madhya Pradesh, Gujarat, Uttar Pradesh, Bihar, Chhattisgarh, Meghalaya, Pondicherry

ABOUT US

Our company, the Asian Construction Company, is proud to be one of India's leading engineering and contracting companies. We are having legacy of extraordinary growth over the previous two decades while contributing considerably to the country's development. Through competence, competitiveness, and timely delivery with the highest quality standards and recognized safety performance, the Company has established itself as a prominent player in the field of construction and engineering, and is well positioned to compete successfully with international players.

WE BUILT DREAM A REALITY

Our Mission

As an infrastructure developer, Asian Construction Company adopts a disciplined and consistent approach each and every time we take on project regardless of size or scale. Our strategy ensures that all projects are fairly priced and that adequate resources are deployed to ensure high-quality delivery on time. Our stringent internal processes and project management expertise have benefited our clients in the past and will do so again in the future.

The opinions of our clients are important to us. We're doing it for the long haul, and you can trust that Asian Construction Company has the abilities, experience, financial strength, and financial capacity to price, construct, and deliver projects ranging from simple renovations to multi-crore rupee projects on time.

Our Vision

To become the leading construction firm, while delivering projects that consistently exceed international standards and provide exceptional customer satisfaction.

To continually deliver excellent value & innovative construction solutions to meet our clients' requirements.

Using modern principles and sophisticated technologies, Asian Construction Company envisions being the primary preference at all times both nationally and globally, for their renowned excellence, quality, performance and reliability in all types of constructions.
